### PURPOSE

The purpose of variance permit is strictly limited to granting relief from specific bulk, dimensional or performance standards set forth in the applicable master program where there are extraordinary circumstances relating to the physical character or configuration of property such that the strict implementation of the master program will impose unnecessary hardships on the applicant or thwart the policies set forth in RCW 90.58.020.

### APPLICATION MUST INCLUDE

1. Completed application and filing fee
2. Title insurance company certificate, issued no more than 30 days prior to application, showing ownership of the property and all lien holders
3. A site plan, drawn to scale, showing all details of the proposal – include property lines, easements, building location(s) and dimensions, parking areas, access driveways, landscaping areas, critical area features, fences, signs, storm water control features, existing wells and drainfields, fire hydrants, significant cut or fill areas, etc. See WAC 173-27-180.
4. Preliminary layout of building interior (uses and sizes of rooms), if applicable

Describe how the design of the project is compatible with other authorized uses within the area and with uses planned for the area under the Comprehensive Plan and Shoreline Master Program:

Describe how the variance will not constitute a grant of special privilege not enjoyed by the other properties in the area:

Describe how the variance requested is the minimum necessary to afford relief:

Describe how the proposed use will cause no significant adverse effects to the shoreline environment in which it is to be located and how the public interest will suffer no substantial detrimental effect:

4. I understand this permit is subject to all other local, state, and federal regulations.
